MEDICAL CERTIFICATE

To Whom It May Concern

Ms Philmar escuadro CONSULTED on 31.12.2022, with complaints of swelling on right side of cheek, fever, since 2 days.

Currently she is febrile and still complains of swelling and pain in right side of cheek, after proper history she is diagnosed as aggressive periodontitis, cellulites at right side of upper jaw.

She is advised medication and rest for 1 day.

Do not hesitate to contact in case of any query

Thanks & Regards,

DR DIVYA NAIK
